Access Control RMR Made Easy

Get Hosted Accounts & RMR Faster than Ever with
1st Cell-Based Access Control System

\$19⁹⁵ /mo. /per System

AirAccess offers a profitable new hosted business model for creating new commercial accounts faster and adding new RMR twice as quickly, providing ACaaS, Access Control as a Service and real-time access & 24/7 emergency monitoring. With StarLink cellular-networking,

AirAccess automatically works around the customer's network or IT Dept and is flexibly wireless, from your choice of access door technology to the cloud. Under \$20/mo per System (not per door).

-  **Easy Cell- & Cloud-Based Access Control as a Service (ACaaS)** – Flexible Options for Locksmiths &/or Dealers/Integrators @ Flat Monthly System Rate (per system not per door)
-  **No IT Dept or ISP/Network Changes** – Powered by StarLink Cellular, it automatically makes network-connections for you
-  **FREE Remote App w/ Built-in Mobile Credentials,** SMS-alerts, Lockdown & door control
-  **Up to 2x RMR-earnings** w/ Hosted Real-Time Access &/or 24/7/365 Emergency Monitoring option to any Central Station†
-  **Add Choice of Wireless Doors** – Wireless Panels w/ Wiegand Readers or Gate Systems or Alarm Lock Networkx Wireless PIN/Prox Trilogy Locks or Designer ArchiTech Series
-  **Right-Sized & Affordable for SMBs,** offices, retail, multi-tenant, gated communities &/or office parks
-  **AirAccess Starter Kits (#AA-KIT1A)** – Ready-to-connect hundreds of doors & users out-of-the-box; including AirAccess Cloud-Based Software w/ 5-Step Wizard – scalable for a few or unlimited users

Ask for AirAccess at Your Locking or Security Distributor Today
or call at 1.800.645.9445 • For More visit www.AirAccess.com

AirAccess, StarLink, Trilogy, Networkx are trademarks of NAPCO Security Technologies. Monthly Flat System Base Rate of \$19.95 in US Dollars; +\$5.95 for CS alarm monitoring option.†

SECURITY REGISTER 2023

This annual directory has been compiled from information supplied by the manufacturers and locksmith distributors themselves. Its purpose is to enable readers of *Locksmith Ledger* to easily find sources for products and information.

If there are errors or omissions in the listings, it is probably because the individual questionnaires were returned incomplete or not returned at all. *Locksmith Ledger International* is not responsible for any omissions or incorrect information.

Here's a quick rundown of the key areas covered in this annual directory:

- A list of North American (and some international) manufacturers begins on page 8.
- The Product Index, beginning on page 42, lists manufacturers by product category.

- Trade Names start on page 64
- North American Distributor Listings start on page 68.
- The Index of Advertisers is on page 90.

We hope this directory will be a valuable aid, and the editors of *Locksmith Ledger* encourage you to use it as a reference book throughout 2023. However, if during the coming year, you cannot find a specific security company listed in the directory and need contact information, feel free to call, write or E-mail us at the *Ledger*, because we may have obtained the information after this year's directory was printed.

Locksmith Ledger International subscribers receive one copy of the 2023 Security Register. To order additional copies (or to subscribe to our magazine), call 920-568-8351 or visit www.locksmithledger.com.

Check out our extensive Online Buyers Guide at www.locksmithledger.com/directory or visit www.locksmithledger.com and click on Buyers Guide. ■■

CORE WITH CONFIDENCE

A Professional Tool for Professional People

3PCT-300/PDH300 Coring Tool

- Position for coring wood and mineral doors
- Position for coring steel stiffened and foam filled hollow metal doors
- Position for creating mortise pockets for mortise locks, power transfers, flush bolts, etc.
- Can core wide range of doors that have different thickness
- Not affected by warped doors
- Labeled sight lines
- Unlimited coring angle on wood doors, up to twenty degree angle on steel stiffened doors
- Has dual coring heads for coring from both directions
- Cores foam filled steel doors with no debris
- Cores doors mounted in the door frame in the vertical position
- Cores doors in the horizontal position on saw horses
- Bits store inside the tool for easy transport and bit protection
- Easily cores any door width
- Custom made coring bit for deep coring
- Custom made bit for steel door applications
- Custom made two foot long starter bit for a more accurate door penetration

Guide to Locksmith Associations

Locksmith associations serve several valuable functions, including education, networking and sharing of best practices among colleagues. Most hold monthly or quarterly meetings, with guest speakers delivering updates on new products or helpful tips for running a small business. Many also stage annual conventions.

The following list includes locksmith associations that responded to our requests for information or have an active website with contact information. Email epike@endeavorb2b.com if you would like to add your association's information to our list.
